Mumbai, Maharashtra

SUMMARY

Passionate and experienced Front-End Developer with a strong proficiency in React and Next.js. Adept at creating engaging user interfaces and enhancing website performance with a meticulous attention to detail and a commitment to innovation. Possesses extensive knowledge in JavaScript, HTML, and CSS, and thrives in collaborative environments that aim to deliver exceptional digital experiences and elevate user engagement.

PROFESSIONAL EXPERIENCE

Barinvire Infotech Pvt Ltd

Software Engineer | 2021 - Present

Key Projects:

Project: Edulac

An EdTech platform built with Next.js and a Node.js backend for comprehensive education management. The platform supports multilingual functionality in English and French, featuring hierarchical dashboards and role-based user portals for students, parents, teachers, and administrators. It also includes real-time data visualizations and student management tools.

Technologies: Next.js, Node.js, Redux Toolkit, Styled-components, i18ns

Key Contributions:

- Designed hierarchical dashboards for administrative, national, regional, school, and commune-level ministers.
- Developed role-based user portals tailored to user-specific needs.
- Implemented multilingual support for English and French.
- Built real-time data visualizations for actionable insights.
- Streamlined student management features like timetables, subject details, and school resources.

Project: Trend Append

A social networking platform for Android, iOS, and web, allowing users to share and organize videos with hashtags and captions. The web version includes e-commerce features for purchasing products and provides a responsive user experience.

Technologies: Next.js, Redux Toolkit, Styled-components, REST APIs

Key Contributions:

- Developed a mobile-first, responsive web interface using Next.js and styled-components.
- Implemented video upload and real-time preview functionalities.
- Designed an integrated e-commerce experience with secure payment gateways.
- Built social networking features like liking, commenting, and sharing posts.
- Implemented hashtag-based indexing for content organization and search.
- Optimized performance with server-side rendering and API integration.

EDUCATION

Rajiv Gandhi Institute of Technology

B.E in Electronic & Telecommunication
2012 - 2016 with distinction 70%

Rizvi College of Science

HSC in Computer Science
2009 - 2011 with distinction 73.67%

Farooq Sattar OomerBhoy High school

SSC
1999 - 2009 with distinction 86.76%

TECHNICAL SKILL

- HTML5
- CSS3
- JavaScript
- API integration
- React.js
- Next.js
- Redux Toolkit
- React Formik, Yup
- Git, GitHub
- VS Code
- antd

SKILLS

- Strong organizational and time-management skills
- Exceptional communication and interpersonal skills
- Ability to work independently and as part of a team
- Detail-oriented and able to handle multiple tasks simultaneously
- Experience in managing budgets and handling financial documents

Project: Whitebook

A dynamic flipbook creation platform for personalized digital photo albums with features like real-time editing, drag-and-drop functionality, and secure payment integration.

Technologies: ReactJS, Ruby, Redux Toolkit, Material UI, Min.io, Google APIs

Key Contributions:

- Designed an interactive flipbook editor with drag-and-drop functionality.
- Integrated Google Photos API for image management and face detection cropping.
- Developed customizable templates and themes for flipbooks.
- Implemented secure payment gateways for purchasing flipbooks.
- Optimized backend with Min.io for efficient large file storage.
- Delivered a fully responsive design using Material UI.

Fabtech Technologies Pvt Ltd

Service Engineer| 2019 - 2021

- Transformed mock-ups into functional, stable web pages using HTML, CSS, and JavaScript.
- Delivered consistent, user-friendly experiences across devices with responsive design.
- Proactively addressed front-end issues to maintain high-quality website performance.
- Worked closely with the team and utilized GitHub for smooth, organized project delivery.

Ishida India Pvt Ltd

Service Engineer | 2016 - 2019

- Project Coordination: Managed international projects from engineering to customer handover, ensuring smooth execution.
- Efficiency Optimization: Supported project management across all phases, optimizing schedules for improved efficiency and customer satisfaction.
- Progress Tracking: Maintained weekly progress updates for transparent communication and effective workflow management.
